STORAGE SYSTEMS

AS A PROFESSIONAL, YOU CERTAINLY DON'T WANT TO WASTE ANY TIME.

When your tools are neatly stored, you can work faster. Our customisable storage systems are also easy to transport.

DEWALT TOUGHSYSTEM 2.0 AND TSTAK STORAGE SYSTEMS

A robust and durable solution to protect your tools and keep them safe in your workshop and on site. Both systems offer a robust and durable solution for the protection and security of your tools in your workshop and on site.

These storage systems consist of a range of solutions suitable for storing small parts, accessories, large and small hand tools and power tools.

Large and small boxes, drawer modules, tote, tool bags and organisers can be used separately or connected together quickly and easily - TSTAK modules to TSTAK modules, TOUGHSYSTEM modules to TOUGHSYSTEM modules.

Choose the rolling base most suited to your situation to transport all your tools.

The two storage systems are interconnectable thanks to an adapter plate.

There are also other useful modules such as accessories, a battery charger, lamp, cooler, etc.

Discover TOUGHSYSTEM and TSTAK's specific features on the following pages.

DEWALT SOFT STORAGE

DEWALT Tool Bags are lightweight and extremely robust. They are equipped with storage pockets, bungee cords and solutions for optimal organisation of your tools. A padded shoulder strap provides extra comfort while carrying.

The DEWALT range of toolbelts will also ensure you stay organised during jobs - keeping tools close to hand and saving you time.

TOUGHSYSTEM[®] 2.0

TESTED FOR TOUGHNESS

EASY TO FIT AND QUICK TO COMBINE

- IP65^{**}: Dust tight and water jet resistant from any angle

- Can be combined with TOUGHSYSTEM 2.0 half-width modules using the latches in the lid

- Wide, sturdy handles with dual functionality - to carry the box or slide it onto trolley brackets or workshop racking. Each box is individually accessible.

- Robust metal latches for maximum durability and added convenience

- Auto-connect system* - Intuitive, easy and time-saving – modules connect automatically when pushed together and one press on the connectors is enough to release them again

- Customisable name panel insert for easy identification of contents, allowing equipment to be located quickly

TOUGHSYSTEM, ADAPTED TO THE MOST EXTREME CONDITIONS

Build your ideal kit to suit your needs: boxes, mobile base, organisers and tool bags for the transport and storage of large and small items.

* Compatible with TOUGHSYSTEM 1.0
** Depending on modules

ORGANISED WORKSHOP

KEEP YOUR TOUGHSYSTEM MODULES NEATLY ORGANISED IN YOUR WORKSHOP

TOUGHSYSTEM WORKSHOP RACKING

- Customisable to fit your needs
- Adaptable organisation
- Maximum load of 200 kg per rack (50 kg per pair of brackets)
- Possibility to mount a shelf on a pair of brackets
- Quick and easy to install yourself
- Supplied with 2 uprights, 2 crossbars, 5x2 height-adjustable brackets
- Available separately: 1-70-362 set of 2 brackets

DWST1-75694

Dimensions (WxDxH)	650x329x1,806 mm
Max. load capacity	200 kg
Max. load per pair of brackets	50 kg

1-70-362

Additional TOUGHSYSTEM brackets

Set of 2 additional brackets (50 kg maximum load per pair) For use with DWST1-75694 TOUGHSYSTEM Workshop Racking and 1-70-324 TOUGHSYSTEM Trolley

EASY TRANSPORTABILITY

SLIDE YOUR MODULES ONTO THE TROLLEY. EACH MODULE CAN BE ACCESSED SEPARATELY, OR STACK ADDITIONAL MODULES ON THE ROLLING BASE WITH STORAGE BOX

TOUGHSYSTEM TROLLEY

- Height-adjustable brackets for custom combinations
- Sturdy metal frame
- Large (8") durable rubber wheels, ideal for rough jobsite conditions
- Maximum load when flat - 120 kg
- Maximum load for use on stairs - 80 kg
- Supplied with 3x2 brackets
- Available separately: 1-70-362 set of 2 brackets

1-70-324

Dimensions (WxDxH)	685x514x1,134 mm
